INTRODUCTION

Thank you for purchasing this handy guide book. I am sure you will find the contents herein to be incredibly useful to modern, aspiring policeman, as many generations in the past and centuries to come, have and will.

Custom dictates I must set the record straight: this isn't a fucking game. Cops are real important to the planet and if we are ever going to solve the big problems of today, we need the Cops of tomorrow to fix the problems of yesterday.

I have personally found this book very useful, and I will refuse to read any other Cop manual simply because of how effective this informative guide has been. No one argues with me now because I am the big man.

So, enjoy this great book. I'm sure you will love it, and if you don't then I am sure we can put you into jail! haha I am just kidding cops can never go to jail we can do no wrong.

Semper Cops.

Love,
Super Lieutenant White Whiteson

THE BASICS

This manual is broken into several topics of discussion which will require you to read. If you are either illiterate or very impatient (both likely and important assets to a police man), take the time to find someone to read it for you.

Up to you.

WHAT IS A COP?

Simply put a cop (police man) is the thing that stands between order and chaos, white and black and poor and rich. We are the guardians of society. Mostly we are good guys who said no to going to bed each night alone. When you're a cop you're never alone again.

You can sleep all day in the company of criminals or other cops, the choice is yours.

I sleep with my baton but more about that later.

WHAT DO COPS DO?

Anything they want.

WHY SHOULD I BE A COP?

Have you ever lost in a fight? Become a cop and kiss losing good-bye, forever. You see this badge? *holds up badge to you, the man reading this book* This means I win every argument before it even starts happening. The following page will give you the three best reasons, aside from not losing, to become a Cop.

THE BASICS

1. WHATS YOURS IS MINE

That's right, you can take anything you want now. The world is yours. It's like an oyster or a 56 inch high HD definition television. You can hold it and eat it anytime. That's the new law for now that you're a cop.

2. MAKE UP ANY LAW

Very handy in getting what you want. If someone is wearing a clothes you don't like, you can tell them to take the clothes off or you'll bash their teeth out. Then when they take the clothes off, you bash their teeth out because fuck you I'm a cop.

3. PROTECT AND SERVE

You know what's best for this city. You always did and they didn't listen. Well jokes on them because now they have to. You can keep everyone safe and obedient now, and they will love you for it, because if they don't then their going to jail or hospital, depending on how you feel about it.

HOW DO I BECOME A COP?

Just like Harry Potter going to Hogwarts, you will need to complete **RedBull™ Police Academy**, where you will get into all kinds of supernatural scrapes and learn many spells. But the best thing is, the adventure doesn't end when this book does. In fact, you can go out right now with your practice gun and see where the day takes you.

POLICE MYTHS

Time to solve some great
riddles, myths and outright
filthy lies about Brave Cops

There's a lot of foul rumours going around about Noble Cops so we've done some research in to your burning questions that you ask in jail.

COPS AREN'T LIKE IN THE MOVIES

Patently untrue. Ever seen Robocop or Judge Dredd? Being a Cop is just like that, except you're not a robot yet. Give it time you're just starting your journey.

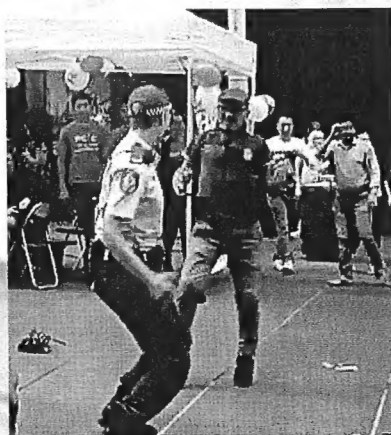

COPS CAN ALTER REALITY

No, this is also untrue. What a Cop sees, does, and explains in a report is just the truth. If it wasn't then why do Cops never go to jail or get in trouble at all? Bet you feel like a big idiot now.

COPS DON'T HAVE SENSE OF HUMOUR

A falsehood spread by vicious perps. If you're looking for a laugh, fire up the stereo in your Cop Car and whack on a bit of rodney rude haha. In fact hear are some Cop jokes to prove that we can have a good bit of time while also destroying your ability to walk and denying you compensation for it.

COP JOKES

Q. Why did the Cop cross the road?

A. Because every step a Cop takes, they get another Cop Point.

Three Cops walk in to a bar. The barman says "What will it be?". The lead Cop says "How dare you not address me as sir". The Cops then help themselves to any drinks they choose and then go on a roadtrip.

Q. How many Cops does it take to change a lightbulb?

A. Just one because that's how many female officers we have at the station (don't worry she doesn't get paid as much as we do).

Knock knock?

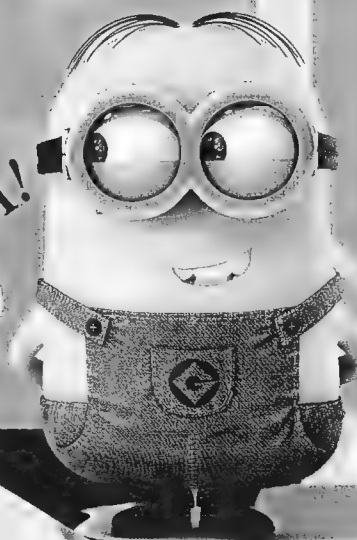

Who's there?

Your.

Your who?

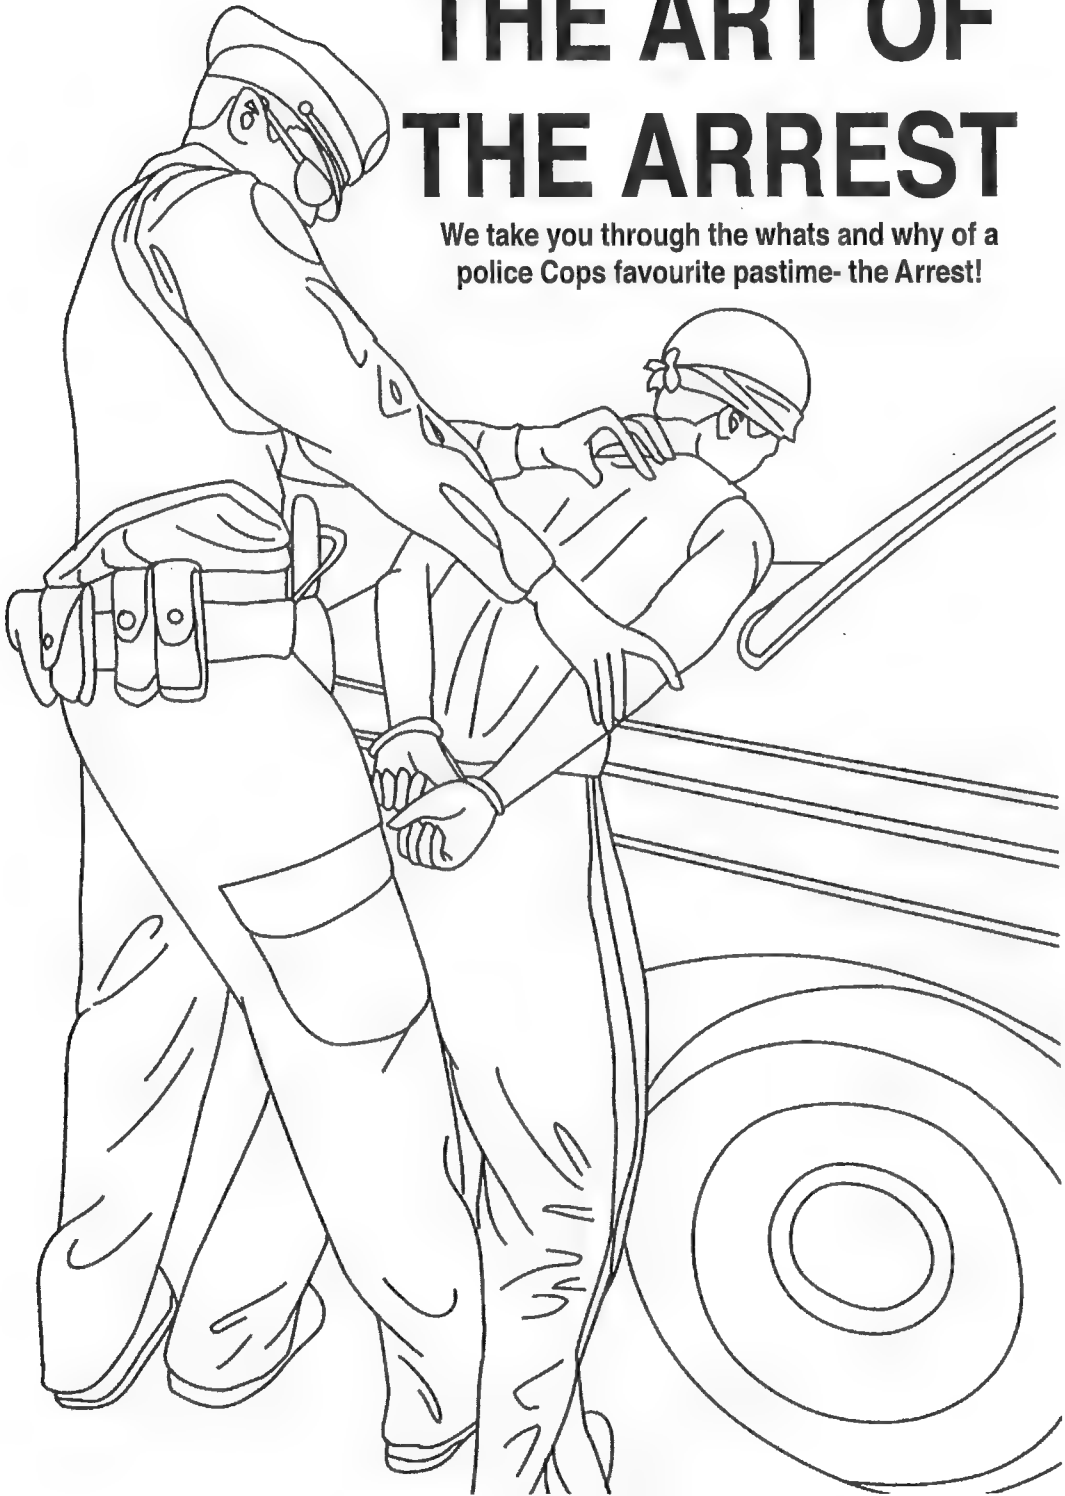

Your Under Arrest lol

**HAHA!
HAHA!**

THE ART OF THE ARREST

We take you through the whats and why of a
police Cops favourite pastime- the Arrest!

ARRESTING? WHAT'S THAT?

Has anyone ever given you trouble before and you wish you could put them in a dehumanising cell and make them your slave? Welcome to Arresting, your main thing to do as a Cop to keep the world in perfect order. Arresting perps is the great Cop past-time. Even the angriest of cops do it when they want to deal an extended pain session on someone and not have to deal with any bullshit, like consequences.

BUT WHO CAN I ARREST?

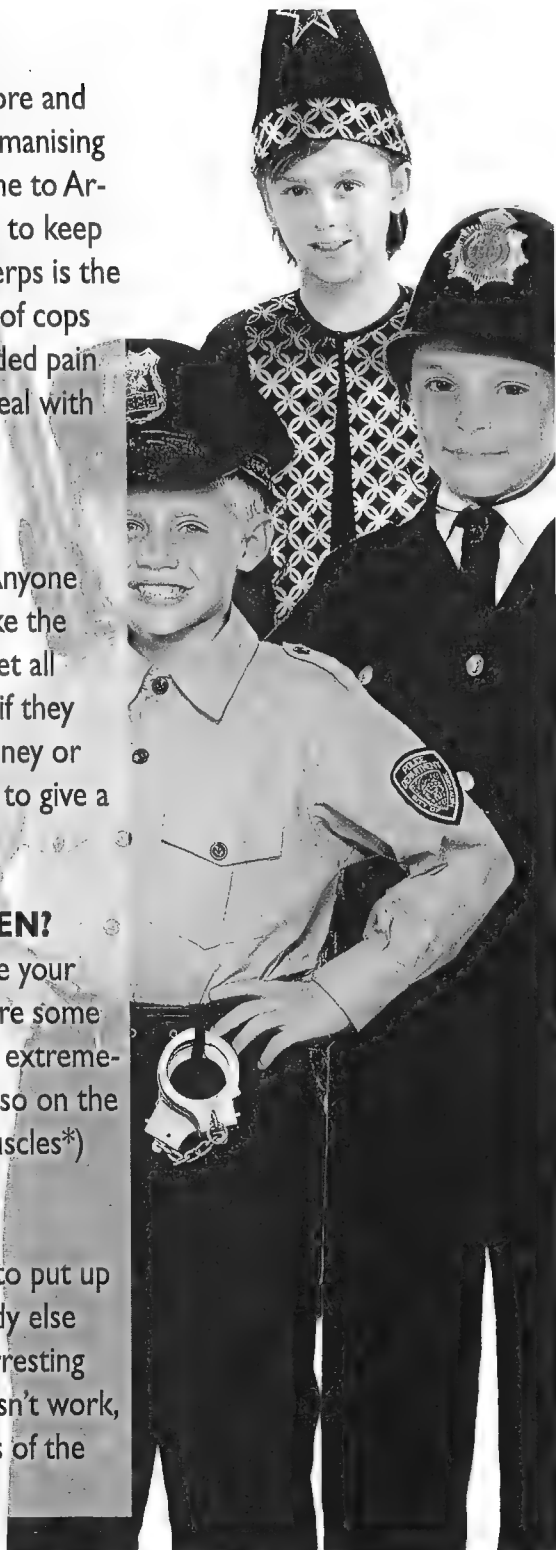

Good question but also a stupid one. Anyone who pisses you off, or you just don't like the look of them. It's your duty, don't just let all these hoons and wogs walk around as if they own the joint. If they can't give you money or they are black/females nobody is going to give a shit anyway, so go hog wild.

SHOULD I ARREST WHITE MEN?

As a general rule, Whites should not be your first type of perp to arrest, but there are some exceptions- mostly if they are poor or extremely weak (and you are a strong big man so on the right day it could be anyone *flexes muscles*)

BUT I'M BORED?

You're a Cop now, you shouldn't have to put up with this shit anymore. If there's nobody else around to arrest, you can always try arresting yourself. Make a game of it! if that doesn't work, just feel free to shoot a dog, the blacks of the Animal Kingdom.

GEAR GUIDE

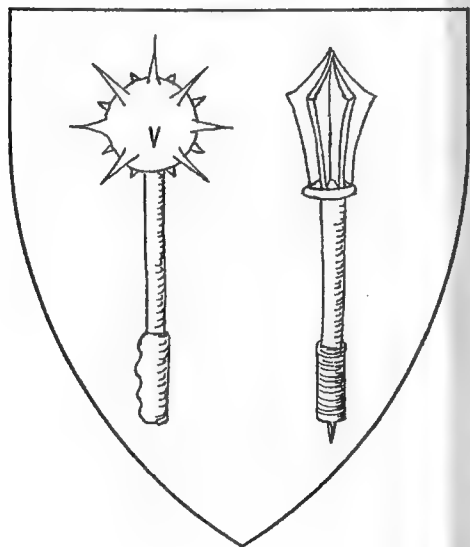

version 4.7

Just like a video game on computer, you can collect many wonderful things to be a Cop. Here we are listing some of the things you can get.

POLICE GUN

Blam blam! Freeze! Stick 'em up!
Move on, scumbag! Your favourite
Cop sayings are gonna sound pretty
stupid without a gun.

Remember, a gun is your golden
ticket, your lover and your best
friend.

BATON

Sometimes, it just feels like your gun
is a bit too much, but your fists are
not exactly up to the task. You can
wrap razor wire around your baton
it's completely legal. Up to you!

Customise it as if it were a cool
muscle car like from 2 Fast 2 Furious.

COP SPRAY

Sometimes you have to destroy the eyesight of anyone in your way. If you need to deal with a large group of criminals such as aboriginals, students, the poor, the disabled or children, spray your mace on their eyes for easy transport back to your torture cave.

POWER BADGE

This proves you are without a doubt a cop. It's very shiny but is it shinier than your gun? Cop philosophers have debated this issue for many years. Cop Badge will store all of your Cop Points. Show it to get free things without having to use your fists or weapons, but don't deny yourself the pleasure.

POLICE COP CAR

You thought it was fun making up new laws when you're just walking around like a dope? Wait until you get on the open roads my friend, and fuck it, that could be the footpath.

COP-CYCLE

BRUMMM BRUMM BRMM
BRUMMM BRUMMM NEEEEER
BURMMM BRUMMM WEEE WOO
WEEE WOOO BRUMMMM rum rum
rumrummmmmm RRRRRR BRUM-
MMM BRUMMMM WIIIIIRRRR

BRIBES

Life isn't just about money, it's about friends who can give you money, so you never put them in the jail. You can afford all the TVs you want now and get into the hottest clubs.

COP HAT

Keeps the sun out.

COP-COMPUTER

Bleep bloop! Computer, turn on. Just like in Star Trek you can use Cop Computer to assist you. It's a digital friend who will find something wrong with everyone you want to hurt, and if Cop Computer doesn't have anything for you, just dust off that keyboard. Remember, the more you hurt them, the more crimes you can say they did and because it's in the computer it's true now. Bleep bloop.

OATH OF THE COP

Singing the Cop Oath at your graduation ceremony from
your Cop School is the final test
Listen mate if you don't get this one right you're stuffed!

By the Power of Cop God
I hold aloft my Baton of Power
Praise be to my Brothers and Sister
In doing Justice and making Good

grace

May my Bribes be Fat and Plenty
May my Arrests be by the Book

holds up copy of the Koran, shoots a hole through it with a gun

May I only use my Spells and Magic Powers on those weaker than me
For I now enter into a Marriage with my Gun
May I Respect the Hard Work my fellow Cops do
And always help to hide the Body or Evidence

May you, Cop God, Bless Me with a Beautiful Daughter to Marry
May you give me a Powerful V8 Car
May my Cowboy Hat never Falter
Give me the Strength to be always Right

Bless Me with enough Cop Points to Upgrade my Badge to Titanium
So I may show this to Odin as I reach Valhalla

STORY TIME FOR GOOD COPS

The following is a beautiful story of a new Cop learning from a respected elder and giving him some help along the way! A beautiful story told to all new Cops to give them an idea of what they will be up against. So, sit back and read the wonderful story of Brave Cops doing their jobs.

A DAY IN THE LIFE OF
OFFICER BARRY HITLER

PROLOGUE

"4 triple cheeseburgers, now" said Officer Barry Hitler as he started his day on patrol. He flashed his Cop Badge, showing his authority. The serving pig handed Hitler six triple cheeseburgers. "Don't worry about paying, noble officer" said the filthy poor as he/she handed the sack of burgers to Hitler, who left without saying thank you. "I hope your arrests go well today" said the manager, as the staff and patrons of the MacDonald saluted him.

Officer Hitler walked to his patrol car and got in. His partner, Junior Officer Henry Gobbels, looked at him. "About time" he said while finishing his first packet of cigarettes for the day, and looked to the Cop Computer.

"Bleep Bloop" said the computer. "Looks like there's some action in quadrant 9" said Hitler as he started the car, pulling out and mowing over a family of disabled children. "eat shit faggots" Officer Hitler smirked as he issued a fine for damaging police property to the now inconsolable mother

Knowing the severity of quadrant 9, Officers Hitler and Gobbels raced 100km in a school zone, knowing that justice comes before life. "bleep bloop there are some suspicious looking dark perps wandering around. use caution and guns bleep bloop" said the computer. "we're on it" said Gobbels as he finished his burger.

As they arrived in Quadrant 9, they noticed that something was amiss. "You ready for this? your first big day?" said Hitler to Gobbels. Gobbels cocked his gun and let it shoot out the passenger window and at the same time cocked his leg to let out a big fart. "I was born ready" officer Gobbel drooled in delight.

Hitler and Gobbels stepped out of the car, putting on their Cowboy Hats. Sgt. Nutbuster was already there with a cadre of brave police knights scoping out the scene. "Sitrep" asked Hitler, taking in the view of the dilapidated poverty blocks that stood before them. "We've heard that someone, we don't know who, has taken a bicycle hostage" said Sgt Nutbuster as he finished his bottle of Jack Daniels.

"As you know, Gobbels" said Hitler, "-There is nothing us officers of police law value more than white life apart from property. ". Gobbels stood up straight. "I have all ten of my guns ready and blazing for you sir, erect as the flagpole of our nation" said Gobbels, walking towards the apartment block. "God speed" said Nutbuster as he denied payment to a sex worker for the services she had just rendered him.

Gobbels and Hitler slammed their battering ram through the already open door of the apartment, plastering the head of one perp (an asian) across the wall. A good start. "Whos there? Show you'reself" yelled Hitler as authoritatively as he could, the siren on his Cowboy Hat illuminating the way.

"Get out of here you fucking pigs, the bike is mine" screamed a communist-like voice. "The people will rise against you fucking pigs I swear also I am gay"

"Sounds like we've cracked the case" Hitler smirked to Gobbels, throwing the tear gas into the dingy room the communist faggot was cowering in. "There's a little something extra in the tear gas today" said Gobbels to Hitler. "It's my sperms". "Great police work, you'll make senior detective one day" said Hitler as he gave Gobbels a kiss on the cheek.

After a brief scuffle, the perp was apprehended and the bike was taken into custody. As the two brave cops urinated on the communists family photos and other objects of irreplaceable value to the perp, Hitler let out a laugh. "Man, this is what Police Cop work is all about!". "Master, you've shown me many great things today and I'm sure the purity of the police force will be ensured for generations to come" said Gobbels as he finished administering a handjob to Hitler.

Justice had been served, and as the two brave cops left the scene with a brand new bicycle in tow, the two looked to the skies, disregarding the pedestrians on the footpath- their dreams were only just starting to come true. "I cant wait to go home to a nice beautiful dinner cooked by my wife who is also my daughter" said Hitler. Gobbels looked on in envy- one day he would also have a daughter to marry, but only in time.
